

PAOMIRS, Camp Ritchie, Md.

20 February 1946

SUBJECT: VOCC Washington Trip, 19 Feb.

TO : Chief, PAOMIRS

1. INTELLIGENCE BRANCH, OC/CWS

a. The existing personnel in the Intelligence Branch are:

	<u>Officer</u>	<u>Prime Duty</u>
25X1A	[REDACTED]	Chief
		Dep. Chief
		Offensive Weapons and Tactics
		Captured Material
		Intell. Bulletin

25X1A

25X1A

[REDACTED] is due to leave the army in a week or two and [REDACTED] is to become chief.

25X1A

25X1A

b. Several documents were taken down for evaluation. The action was as noted in Tab A.

ILLEGIB

c. A new chart showing the breakdown of the CWS, dtd 22 Jan '46, was obtained for this office.

d. [REDACTED] "Notes on CW Requirements," dtd 9 Jan '46, was discussed with a view toward priority ratings for summary and/or translation. From this discussion it became evident that the key post-war requirements are:

- (1)
- (2)
- (3)
- (4)

25X2

25X2

It was also requested that from time to time that certain items of equipment be verified or identified. For example, the CWS is curious to know what the [REDACTED] is. If this is run across, a brief description, no translation, would be appreciated.

2. CONTROL DIVISION, OC/CWS

25X1A

a. Was briefed by [REDACTED] chief of the division, concerning chemical industry. The CWS, particularly [REDACTED] is charged with coordinating and disseminating data on [REDACTED] chemical industry to interested American industry.

ILLEGIB

25X1A

b. [REDACTED] heard that there are certain documents in GKDS concerning chemical production methods and plants. He stated that if these documents are present and not being worked on, that he would like to have the untranslated documents on loan or photostats of the originals. He expressed particular urgency to the need for these documents. A negative report would be appreciated if his knowledge is incorrect.

c. With respect to [REDACTED] Chemical Industry. his requirements are as follows:

25X6

25X2

3. TOPOGRAPHICAL BRANCH

25X1A

Saw [REDACTED] and verified the method for keying of maps as classified in our letter of 11 Feb 46. No place names are being translated unless specially desired by PACMIRS.

4. MAP & PHOTOS BRANCH

25X1A

✓ Picked up several maps that were directed to [REDACTED]

25X1A

TAB A

JICA/CHINA R-4180-OH-45, dtd 28 Nov '45

✓ Sect V was requested for full translation by the OC/CWS by letter, dtd 10 Jan 1946. Scan for value and verify necessity of request.

JICA/CHINA R-4163-OH-45, dtd 25 Nov '45

✓ Three gas defense manuals. The OC/CWS requested four copies of a summary translation of these three manuals in a letter dtd. 9 Jan 1946. It was recommended that an "advance copy scanning" be made for consideration on the next trip.

ATIS 19037

*Parade 1, ✓  
action*  
This document, "The Protection of Water and Rations Against Gas", was requested for full translation by letter, dtd 3 Dec 1945. In view of the ATIS Summary, Bull.No.2175, and the fact that the Intell. Br. consider this "entirely new", it is recommended that the translation be done on a "B" priority with "Advance Copy" handling.

25X1A

25X2

25X2

Document is a [REDACTED]

✓ [REDACTED] This document may have value to verify or correct our present nomenclature lists and should be scanned accordingly.

25X1A

WDC 77833 [REDACTED]

✓ Sections 1051/3, 1051/4, and 1051/5 should be scanned for further information. Sections 1051/9, 1051/10 and 1051/11 should be scanned for possible importance to BW files. Section 1051/12 should be scanned for an explanation of the title. These may then be brought up for further consideration on the next trip.
